

28th May 2021 Newsletter

Dear Parents and Carers,

What an amazing half term we have had learning together this half term. Thank you for your continuous support and challenge. It has been a pleasure having everyone back at school for a full half term with no bubble closures.

Our wonderful PTA organised a delicious Bake Sale for us this afternoon. We couldn't put on an event like this without your support so thank you for your generosity.

What a wonderful way to end this half term. Thank you everyone.

Our Garden Development

We are absolutely thrilled that our the paving work for our garden development is going ahead this half term. It is a mammoth task but will make a significant difference to our outside space. I can't wait to share the before and after pictures with you after the half term break.

School Photographs

Thank you for your support this week for the school photographs. Imago will send us the proofs with user names and passwords for you to order soon.

6B took part in a French maths competition: Concours Kangourou. We are very proud of all the pupils who took part in this event with over 30,000 pupils. A very special mention must be made to one pupil who did magnificently. Congratulations to Gregoire who achieved a score in the top 6. An amazing achievement to be very proud of. Well done Gregoire.

This week, Year 5 enjoyed using the chrome books to put together PowerPoint presentations to present all of their learning from their science unit. The pupils were able to add information, pictures and fun transitions to their slides. It was fantastic to see them using their own initiative and working together with their shoulder partners to use technology in a different way. Great work Year 5!

5B have had another fantastic week in which they investigated the changes that human beings undergo as they become elderly people. This rounded off a fantastic unit of study in which our junior scientists researched the changes that human beings face as they develop throughout their lives. It was fascinating to witness the insightful questions that were raised about human development by the wonderfully enquiring minds of 5B.

Year 4 have loved learning about the Italian artist Amadeo Modigliani and his style of surrealist art and sculptures. Modigliani uses unusual facial proportions to create an abstract portrait. Everyone had a go at producing their own portraits, in the style of Modigliani, using oil and chalk pastels. Last week on Friday 4B did their fantastic art with Mr Gale and the portraits turned out brilliantly.

This week Year 3 really enjoyed their Art lessons exploring a variety of artists self-portraits and how they reflect their personality. Year 3 then had a go at sketching their own self-portraits and have created some beautiful pieces of artwork.

Do you know who this is?

3B thoroughly enjoyed linking their learning about Ancient Egypt to art day by writing their names in real hieroglyphs on papyrus paper.

This week, Year 2 were delighted to go on a school trip down to Battersea Park. The trip was linked to their geography topic on Rivers. They used their observational skills to draw and label what they could spot on the River Thames and used expert vocabulary to discuss their findings.

This term they have also learnt that litter can pollute rivers, so they decided to do their very own clean-up on the banks of the River Thames. The park maintenance teams even made a special stop to say thank you to them. We all had a lovely time and lived out our school CARE values. Thank you to our phenomenal year 2 teaching team for organising one of our first trips for this year and to our parent volunteers for coming along.

To mark the final week of their Under the Sea topic, RW created their own fish tanks using different types of paper to create various effects. You may spot them displayed in our windows.

Wishing you all the most wonderful half term break.

Miss Henry

EXCELLENT LEARNERS ARE CREATIVE							
Ada	RW		Leo M	2B		Mathilda	4B
Penelope	1B		Bella	2G		Selena	Y4
Jaxson	1M		Ollie-Ray	2SB		Charlie	Y5
