Wandsworth Girls In Football Festival

On Monday 22nd November, girls from Years 3 and 4 took part in the Wandsworth Girls in Football Festival at Southfields Academy. The event was organised and delivered by AFC Wimbledon as part of the Wandsworth Girls Football In Schools partnership, put together to increase girls' participation in football.

The children had the chance to try out and compete in a programme of fun and inclusive football related activities that ensured that all participants developed the skills of football in a safe and enjoyable environment.

All our pupils took on this opportunity with a fantastic attitude and thoroughly enjoyed the experience. We hope that it will inspire them and others to engage in football and other sports in the future, in and out of school.
