Dear Parents /Carers,

Today we have launched '**Quackervision**' where you and your families can watch our ducks hatching live on our website.

We have taken delivery of eggs and an incubator and installed a webcam so all our children can watch the duck eggs hatch and then see how the little ducklings grow.

You can find it on the Q1E website on the 'More to do' tab here: <https://www.q1e.co.uk/more-to-do/quackervision>

As the webcam is live, we would hate for you to miss out on the hatching so do check it out regularly.

There will also be informative videos teaching the children about what is happening at each stage as well.

We have a 'Quackervision' email for children to email answers to questions from the videos as well as suggesting names for the ducklings once they arrive.

Please do have a look at the website and videos and get in touch at **quackervision@q1e.org.uk**.

Yours,

Miss Cliff
Nursery Teacher
(also known as Ms Duck)
