The Golden Hinde  
Thursday 2nd May 2024

As part of their 'Sea Adventures' learning, the pupils in RB used public transport to visit a replica galleon from 1570 called the Golden Hinde.

Pupils learnt what life was like for sailors in the 1500s as they circumnavigated the globe with Francis Drake. They were surprised at the cramped spaces inside the ship and that the animals had to sleep in the same place as the crew! The pupils enjoyed learning how to fire a cannon and many were inspired to make maps for their own journeys when they returned to class.
