

## Year 5 Remote Learning

Time frame: week beginning: 22.02.2021

We are so sorry you are unable to be at school. Whilst you stay at home, we want you to keep learning, so please complete the following work I have set for you.

- Look at the work for the correct day of the week for maths, English and the wider curriculum. Our home learning provision each day includes the following: one maths lesson, one English lesson and one wider curriculum lesson.
- The maths learning will always be based on the Maths No Problem lesson the class is doing. **Please ensure you have signed up to the parent guide for Maths No Problem.**
- **Please ensure you upload your work onto Seesaw – it is important that the class teacher can see all the fantastic learning you are doing at home.**

# THE ULTIMATE QUICK FIX.

The Nike Trainer One is not a magical toning shoe. It's a training shoe. Its DiamondFLX technology activates your muscles to work how they're supposed to, giving you faster results from all those squats, lunges and classes that you do. So you get fit faster.

**THIS SHOE WORKS IF YOU DO.**

PEOPLE WHO RUN  
IN PUMAS KNOW  
A LOT MORE THAN  
PEOPLE WHO DON'T.

Serious runners know that it takes the latest technology to make a great running shoe. Heel stabilizers to control pronation. Midsoles that combine polyurethane and EVA to absorb shock. Biomechanical designs to increase stability.

But serious runners also know that it takes more than a great shoe to improve performance. It takes knowledge. Introducing the RS Computer Shoe from Puma.

The RS Computer Shoe not only incorporates the latest in footwear technology—including our unique Multiplex IV Midsole with durability and shock attenuation far superior to conventional midsoles—it combines it with computer technology. Creating a running shoe unlike any other.

The RS Computer Shoe has a custom-designed computer chip built into its heel. This computer chip records your run, then communicates the results to any Apple IIE, Commodore 64 or 128 or IBM PC computer. A software program included with the shoe automatically calculates your time, distance and calories expended. Then graphically compares them to past performances and future goals.

The RS Computer Shoe from Puma. It's the intelligent way to run.

### Big change starts with small steps

Build good habits.  
Break bad habits.  
Be awesome.

 Awesome Habits

Don't set goals, build habits.

Do you remember the last time you wanted to achieve something? You may have started strong, but after some time, maybe you lost motivation. Here is our tip – instead of setting goals, start improving your regular habits. Small and easy changes will compound into remarkable results. With our app, you will get better every day and achieve the kind of success that lasts.

Build good habits, break bad ones.

Want to cut down on alcohol, improve your reading, or spend more time with family? Possibilities are unlimited. Get inspiration from our pre-defined templates or add your custom habit.

Achieve your daily, weekly, and monthly goals.

Using a simple overview, you can easily manage all your goals and see your achievements. Overachieved your goal? You can track that too.

Track your progress.

Browse history, check out your stats, and see how you've improved over time.

Didn't have time to track a previous day? No problem, you can easily update any record in the past.

Features:

- Build good habits, break bad ones
- Daily, weekly, and monthly goals
- Track even overachieved goals
- History and statistics
- Reminders
- Custom habit icons
- Works on iPhone, iPad and Mac
- iCloud backup & sync support
- Dark Mode support

## Feelings

1. Sami watches a video of an amazing trick shot. They try to do it themselves but just can't get it right.

2. Joe is noticing that lots of the people he sees online do not look like him, they all seem to be so 'perfect'.

3. Mae receives a message that says you should share it with five friends or get bad luck. When Mae shares it, her friends all laugh at her for believing it

4. Mani keeps receiving lots of private messages online from very long and odd-looking usernames. He is not sure who these people are.

5. Charlie sees some exciting news about a new game being released and sends it to her friends. One of them replies explaining that it's not real.
