Wandsworth School Games Sportshall Athletics

On Thursday 20th January, our year 6 pupils competed in the Wandsworth School Games Sportshall Athletics Heats at Battersea Sports Centre, competing against five other local primary schools

The pupils competed in a range of track and field athletics events, including team sprints, running and relay races, hurdles, soft javelin and long jump and triple jump.

The events gave the pupils a great opportunity to apply their learning from Athletics based PE lessons in a competitive environment, whilst also demanding team-work, resilience and self-belief.

All our pupils took on this opportunity with a fantastic attitude and thoroughly enjoyed the experience. We hope the event has inspired the pupils to take on similar opportunities in the future.
