## 6B's Transport for London Visitor

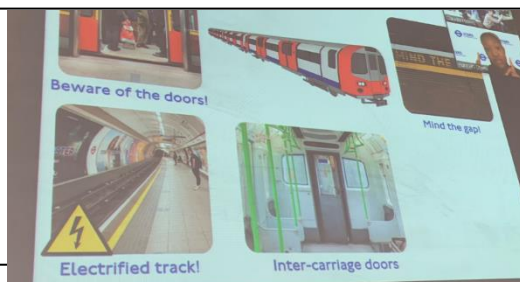

On Wednesday 19<sup>th</sup> May, 6B had a TfL Stars Safety and Citizenship virtual presentation.

We also learnt how to stay safe and to ignore peer pressure in dangerous situations.

We learnt about how we should behave on all public modes of transport around our capital city.

The children thought it was very interesting and we all learnt a lot to help us in London. It was brilliant to have a visitor who can offer us information to help us live a safe life in London.
